WEDDINGS AND CELEBRATIONS

Who We Are

SIMPLE, GENUINE, MEMORABLE

The Garden Gate is a family owned and operated wedding venue rooted in hospitality, beauty, and genuine care. Created with love and intention, our gardens, dining room, and ballroom were designed to feel welcoming, timeless, and naturally elegant – an inviting place where meaningful celebrations unfold with ease.

As a family-run venue, we believe weddings and celebrations are more than events; they are milestones. From your first visit through your final farewell, you'll be guided with personal attention, calm support, and thoughtful care. We host a limited number of celebrations each year so every guest receives the time, attention, and experience they deserve.

Our promise is to deliver simple, genuine, and memorable moments guided by years of professional experience. We're so grateful for your trust and we're truly delighted to be a part of your journey. You're not just booking a venue – you're now a part of our Garden Gate family.
